TO TEETH**

Junior

Chamomile Extract

(*Matricaria chamomilla* L., flower heads)

Supports digestive function, regular gastrointestinal motility, and gas elimination. Promotes relaxation, mental well-being, normal sweating, and respiratory mucous membrane health. It also has a soothing and calming effect on the digestive system.

Lavender Extract

(*Lavandula angustifolia* Mill., flowers)

Promotes relaxation (sleep; in times of stress), supports a balanced mood, aids digestion, contributes to normal gastrointestinal motility, and helps eliminate gas.

California Poppy Extract

(*Lavandula angustifolia* Mill., fiori)

Supports relaxation and sleep, especially in cases of stress.
